

# SPECIALS (New Zealand) (15 Oct 2013)

## Option 1: Rollex-M (Rollex - MATOS™-eco)

Purchase any new “Rollex-M” fridge which has an inbuilt MATOS™ Power Saving and Fan Management System, for \$1,000 more than a standard fridge. This ROLLEX-M - eco fridge is a very smart fridge and it will continue to save you money long after you purchase it. This offer includes all hardware, installation, connection fees and free online monitoring and alerts for one year. After year one, it is your choice as to whether you wish to continue to keep viewing your fridge online, or merely let you fridge work for you in the background, and continue to save you power and save your products.

## Option 2: ROLLEX-M CHL 1200M

Glass door ROLLEX M pre-fitted with MATOS™- eco technology power saving and Fan Management system for a special all-inclusive price of \$8,100.

## Option 3: MATOS™ fitted to any existing fridge.

\$300.00 installation (Providing that the location is within 50 km of an installer and that conditions allow MATOS™ to be installed within 2.5 hours, otherwise further costs may apply)

\$25.00 per month on a 3 year Rental term.

Installation costs on all the above options are assuming that an Ethernet port and power supply are available in close proximity to the fridge. Additional costs may be incurred if this is not the case. All prices quoted are GST exclusive.
